

Stainless UK

Quality Policy

Stainless UK Limited will listen to our customers, understand, and balance their needs and expectations with those of our suppliers and employees and endeavor to give full satisfaction to all parties.

Through our leadership, we will communicate the company vision and core values, to guide the behavior of all to achieve our vision. We will involve all our people in the organisation's development, utilise their knowledge and experience, recognise their contribution, and provide an environment in which they are motivated to realise their full potential.

Stainless UK Ltd is committed to meeting the requirements of ISO 9001, BS EN 1090, outside relevant statutory bodies, and our customer requirements.

We will take a process approach towards the management of work and manage our processes as a single system of interconnected processes that delivers all the organisations objectives. An environment will be provided in which every person is motivated to continually improve the efficiency and effectiveness of our products, processes, and our management system.

Stainless UK will seek to continually improve our Quality Management System to increase the effectiveness of the company. We will monitor, measure, and seek to improve our performance in meeting our quality objectives. We will regularly review our quality objectives to ensure they remain relevant.

Through effective communication, we will develop alliances with suppliers and work with them to jointly improve performance.
